Required Site Plan Data

Along with this application, submit a sketch showing the lot dimensions, existing structures, and the location and dimensions of the proposed use. The sketch must also contain the owner's name, address, and phone number, easements, building setbacks, right of way line and street name. If applicable, unique site conditions pertinent to the project such as streams, swales, and ditches, neighboring fences, septic systems, water wells and steep slopes should be shown. In addition, septic permits from the Trumbull County Board of Health may be required. The application will be reviewed by the Township Zoning Inspector and be approved or denied. Site inspections will be conducted at the discretion of the Zoning Inspector. **Please be advised for your safety, you are required to call 811 before you dig on your property. It is also recommended that you contact the Trumbull County Building Inspectors office for their requirements.**
