### **New Business:**

1. Greg told the trustees that he has sent in the annual 2020 Boundary and Annexation Survey forms to the Census Bureau.  
Greg also received a check from Ohio State Highway Patrolman Jerrad Sutton that he had collected in the amount of \$555 to go to the Shop with a Cop program. The trustees thanked him for his generous donation and for thinking of the program.
2. Linda received a check from the Cortland Lodge who combined with our local lodge, from the sale of their building in the amount of \$2336.75 to be dedicated to the Park Committee. The trustees thanked them for their generous donation.  
Linda said that we now have a sewer tie-in to the old school property. It took two days. The first day they planned on tying into the main but would have had to excavate under the road. Since they did not have permits to do so, they went parallel to the sidewalk that was there south at the school property and going into the manhole cover. The county helped us out so that we could tie in. We will not be accountable for a monthly fee. Greg thanked Linda for standing outside in bad weather to oversee what was done.
3. Shawn had the final statistics on Shop with a Cop. There were seventeen children and families taken around to local businesses with gift cards and shopping done. There were also children too small to be taken around to shop but Leroy made sure that they received gifts. The report is available by contacting the fiscal officer. The yearly, quarterly, and monthly reports are available by contacting the fiscal officer, as well.  
Shawn talked to the trustees about the area on Kinsman Nickerson near Hair by Julia. When he drives around there at night it seems that everybody obeys not parking on the sidewalk, but there are some that do park on the sidewalk. One truck seems to park with one wheel on the sidewalk but he is still in the road. Shawn is wondering if the township can petition to get some lines put on the road to help with directing better parking at an angle or even parallel. That is a county road all the way to the square at the stop sign. Shawn is going to revisit purchasing MARCS radios. There have been problems with the current radio frequency.
4. Cory said that he has his inventory completed. His radio grant bid went out on Friday for the MARCS radios.
5. Zoning- Mark read his zoning report. The report can be obtained by contacting the fiscal officer.
6. Steve Papalas of the Trumbull County Engineer's office said that the grant came through for the Phase III Sidewalk project to go along the east side of State Route 5 from Lakeview Drive to the Square. The project will commence in 2021. The trustees thanked the Trumbull County Engineer's office for their engineering and grant work.

Greg Leonhard made a motion, seconded by Fred Stahl, to adjourn. The time was 6:32 p.m. The bills were paid.
